Net Profit per Unit \$26.02

Net Margin 40.7% ✓

 **PROCEED WITH CAUTION** — Margin passes at 40.7% but low absolute dollar profit (\$26/unit) makes paid ads high-risk at scale. Threshold missed: Spocket US supplier costs are too high (\$22–\$28), eliminating fast-shipping option without margin hit. Recommendation: Use as a bundle add-on or organic/gifting play — not a standalone hero SKU for paid ads. Score adjusted: 7.5 → 7.0.

Recommended Launch Sequence:

- 1. **Hero SKU:** LED Red Light Therapy Face Mask — best margin, fast US shipping, white label ready, strongest TikTok creative potential
- 2. **Second SKU (30-60 days):** Infrared Sauna Blanket — highest dollar profit per unit at \$75.92, use CJ Express to guarantee <8 day delivery
- 3. **Upsell/Bundle:** EMS/TENS Patches — pair with hero SKU as a "recovery kit" bundle to increase AOV
- 4. **Gift/Bundle Add-on:** Mini Massage Gun — activate for Mother's Day, Father's Day, and Q4 gifting
- 5. **Organic/Bundle Only:** Acupressure Mat — too low absolute profit for paid ads; use as free gift with purchase or organic gifting content
